

APPL - E - Waste Management Policy

APPL is committed to environmental protection by ensuring proper management of electrical and electronic waste generated as a consumer and disposal of E-Waste in an environment-friendly manner. We at APPL, continuously educate employees on importance of proper management of E -Waste and the risks and hazards associated with their improper disposal, explore possibility of extending usable life of items for internal use to minimize E- Waste generation.

We carry out disposal of E-Waste only through the authorized E-Waste handlers/recyclers authorized by Central or State Pollution Control Boards in India.
